What we will discuss

Our Campus

International Students

The Club

Events

Impact

Georgia College Campus

The liberal arts school of Georgia

6000 students

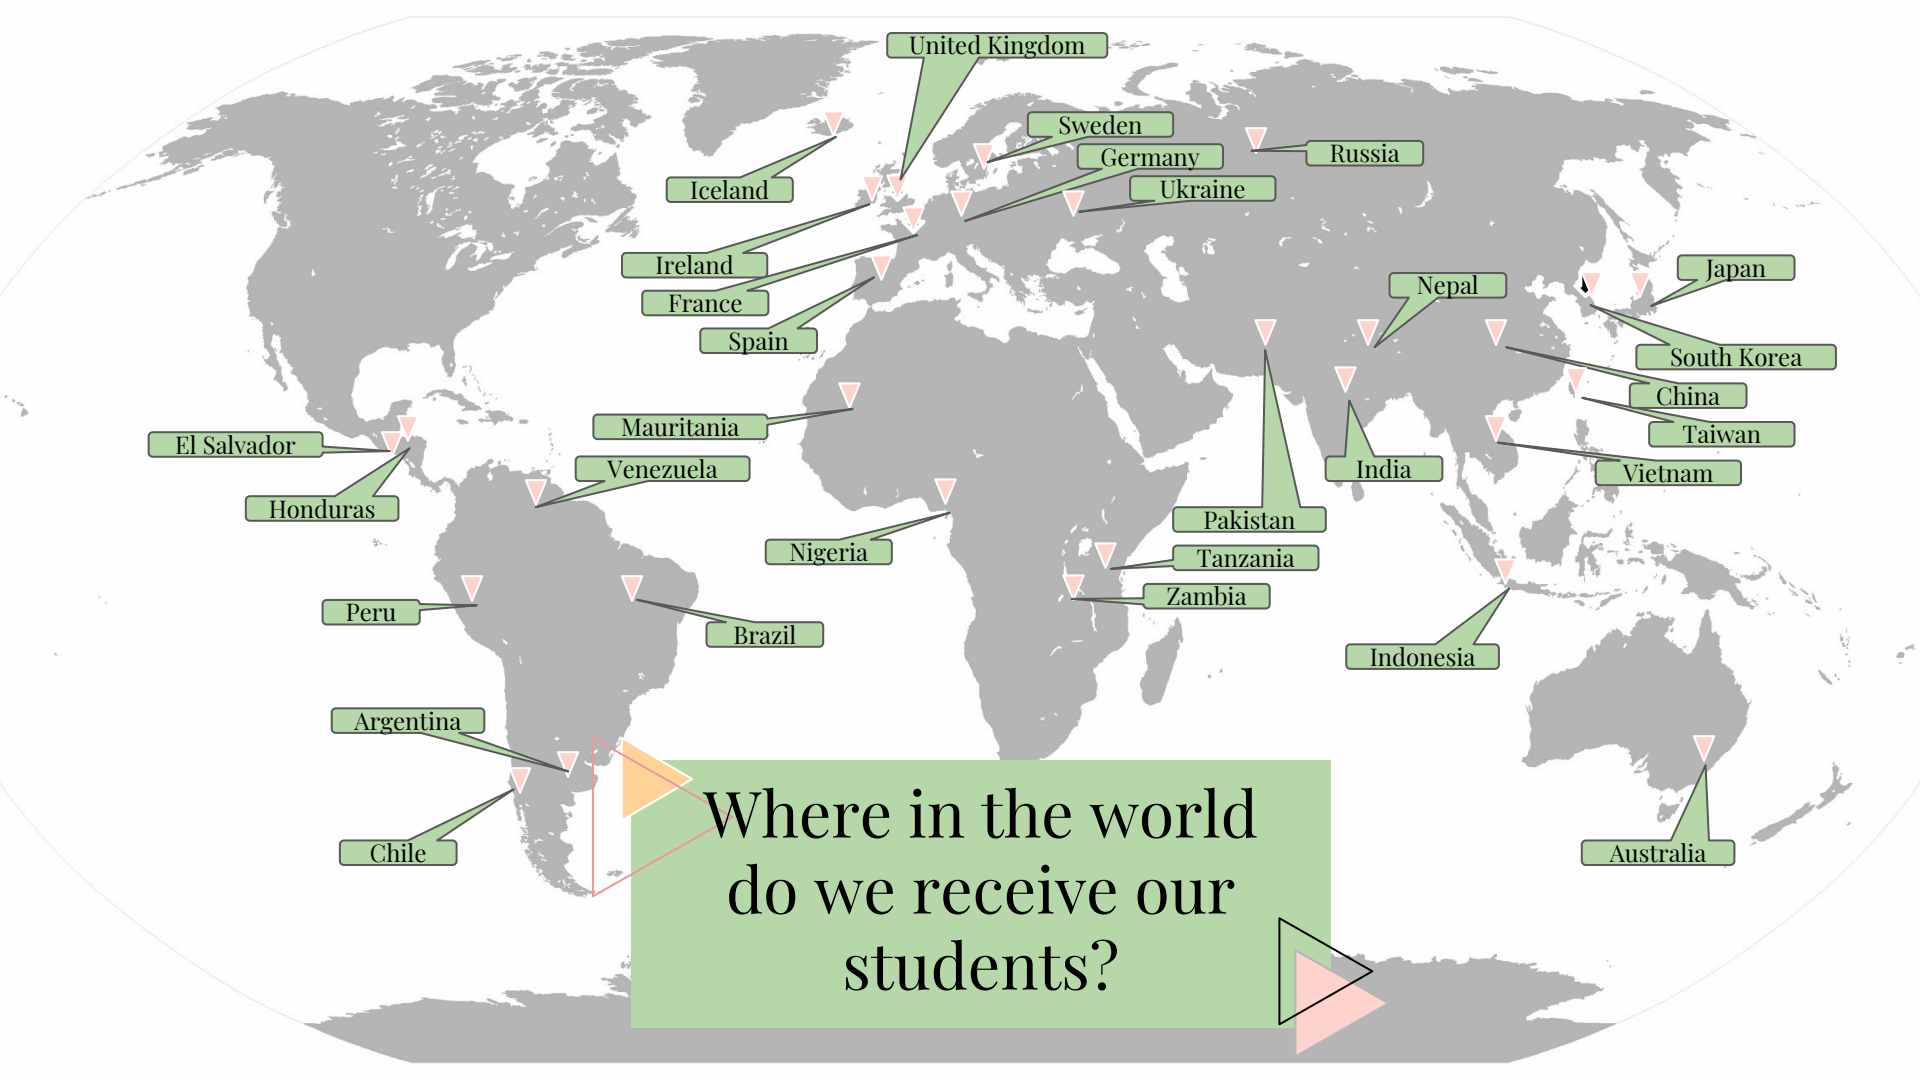

Specializing in Nursing and Early
Education

International Education Center

Study abroad, International Acceptance, International Club

20 Exchange Partners as well as a member of the University system of Georgia

Where in the world
do we receive our
students?

Our Club

A platform for students from different cultures to share meaningful experiences, which promotes diversity and inclusivity.

International students:

Find their own little community within the college population
Share their unique culture with the rest of the club and campus

U.S. students:

Get in touch with individuals that possess various cultural perspectives.

Obtain information and encouragement in having a study abroad experience.

Together we help guide the international students when in need with the international education center. Students in distress etc..

Our Officer Positions

President

 - ❑ Connections Program
 - ❑ Women's Civic Center
 - ❑ Present at local schools
- ❑ *International Events for the Community*
 - ❑ International Day
 - ❑ International Dinner

A photograph of a community event on a brick-paved plaza. Several people are holding large flags on poles, including the Union Jack, the Chinese national flag, and a rainbow Pride flag. In the foreground, a woman in a white traditional Chinese garment is walking. The background shows a brick building with columns and trees. The image is decorated with white geometric shapes: triangles pointing in various directions and a large 'X' shape on the right side. The text 'International Day' is centered in a white serif font.
